

MISSION

PROVIDE HIGH-VALUE ENGINEERING SERVICES TO PHARMACEUTICAL, AGRIFOOD AND BIOINDUSTRIAL PLANTS.

OUR OFFICES

Avon, Clermont-Ferrand, Nantes, Lyon, Paris, Pau, Reims

Brossard, Calgary, Edmonton, Lethbridge, Montreal, Quebec City, Saskatoon, Toronto, Vancouver, Winnipeg

Chicago, Columbus, Philadelphia, Raleigh, Rochester

Brussels

Geneva, Vevey

FIELDS OF EXPERTISE

HEALTH & SAFETY

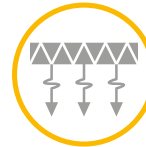

PROCESS

FILLING AND PACKAGING

VALIDATION AND REGULATORY COMPLIANCE

CLEAN ROOMS

INDUSTRIAL REFRIGERATION

ENVIRONMENTAL

HVAC

UTILITIES

ELECTRICAL

AUTOMATION

INDUSTRIAL RISKS

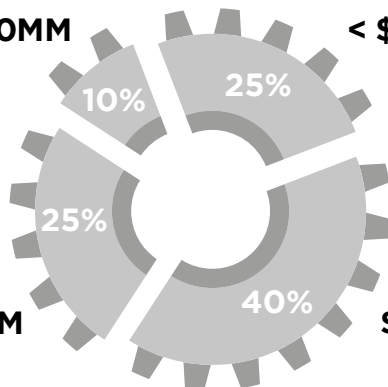

FOOD SAFETY

PROJECT SIZE

\$50MM - \$600MM

< \$1MM

\$5MM - \$50MM

\$1MM - \$5MM

PLANT ENGINEERING

PHARMACEUTICAL

STERILE PRODUCTS

Sterile injectable and topical, cream, ointment, ampule, vial, prefilled syringe, eye drops, intravenous solute/bag, lyophilised product

COSMETICS

Cream, ointment, wax, perfume, cleaning solution, soap, makeup, sun care, gel, shampoo, feminine hygiene

NATURAL HEALTH PRODUCTS

Omega-3, essential oil, nutraceuticals, homeopathy, food supplements, plant extraction

NON-STERILE PRODUCTS

Liquid, cream, ointment, tablet, stick pack, capsule, gel, suppository, powder, syrup, ampule, lyophilised product

BIO-THERAPEUTICS

Immunotherapy, cell therapy, gene therapy, tissue therapy

VETERINARY PRODUCTS

Vaccines, antibiotics, animal facilities

MEDICAL AND DENTAL DEVICES

Dental repair, bandage, solute, diagnostic device, nasal spray, perfusion, sterile accessories, applicator, injector

BIOTECHNOLOGY AND VACCINES

Monoclonal antibodies, viral and bacterial vaccines, adjuvant, recombinant protein, blood derivatives

ACTIVE PHARMACEUTICAL INGREDIENTS

Chemical synthesis, fermentation, cell culture, extraction/purification of natural products, antibiotics, cytotoxins, radiopharmaceuticals

AGRIFOOD

FOOD

Fruits, vegetables, frozen food, prepared meals, sauces, condiments, bakery, pastry, confectionery, snacks, cereals

ANIMAL AND PLANT-BASED PROTEINS

Poultry, pork, beef, fish, seafood, algae, insects, grains and pulses

BEVERAGES

Juice, beer, wine, spirits, water, tea & coffee, soft drinks, energy drinks, nutritional drinks

INGREDIENTS

Sugar, flour, oil, starch, salt, yeast, sourdough, caramel, syrup, pigment, flavor, additives

DAIRY PRODUCTS

Milk, yogurt, cheese, ice cream, baby formula

PET FOOD

Pet food, fish food, livestock feed

BIOINDUSTRIAL

BIOMASS ENERGY VALORIZATION

Biomass boiler, methanisation, biomass hearth, black pellets

BIOFUELS

Bioethanol, bio-isobutene

SUSTAINABLE AGRICULTURE

Biopesticides, biostimulants, biofertilizers

BIOTECHNOLOGY AND BIO-BASED PRODUCTS

Organic acid, enzymes, chemical building blocks, surfactant, amino acids

CELLULOSE DERIVATIVES

Nanocellulose, microcrystalline cellulose, modified cellulose fiber
